Refúgio

A coleção Acquablock traz o tema Refúgio e celebra os aspectos simples e reconfortantes do prazer de estar ao ar livre! As texturas rústicas, o frescor da brisa entre a sombra das folhagens, o brilho do mar e o calor do sol estampam o desejo de viver à céu aberto. Os momentos nas áreas externas sugerem um convívio em cenários criados para o descanso. Aceite o convite para desacelerar da rotina e repouse no Refúgio da coleção Acquablock.

The Acquablock collection brings Refuge as its theme, celebrating the basic and comforting aspects of being out of doors! The rustic textures, the freshness from the breeze between the shadows of leaves, the bright sea and the sun heat depict the desire of living outdoors. The times spent in external spaces suggest an interaction in sets purposely created to one's rest. Take the invite to slow your routine down and relax in the Refuge of the Acquablock collection.

The background of the image features a large, faint, light-colored shadow of a palm tree frond, extending from the top right towards the bottom left. The shadow is composed of many fine, parallel lines, creating a textured, feather-like appearance. The overall color palette is a soft, muted green or sage tone.

The background of the page is a light, neutral tone with a subtle, artistic pattern of overlapping palm tree fronds. The fronds are rendered in a slightly darker shade, creating a soft, textured effect that suggests a tropical or coastal environment. The text is centered and written in a black, elegant cursive script.

SELO QUE REPRESENTA MAIS DO QUE GARANTIA.

Atesta a qualidade superior da linha Acquablock®.

O Selo de Autenticidade Acquablock® foi criado para garantir uma compra segura e, principalmente, atestar a genuína qualidade desta linha de produtos desenvolvida pela Karsten Decor.

A Karsten Decor foi a primeira marca nacional a desenvolver um tecido com a exclusividade de ser impermeável, mantendo a qualidade e naturalidade têxtil.

A cada nova coleção, a marca investe em pesquisa e tecnologia de ponta em seus processos fabris. Essa evolução é contínua e traz para o consumidor o melhor design, qualidade e, acima de tudo, a confiança de uma empresa com 135 anos.

Acquablock® Seal of Authenticity was created to guarantee a safe purchase, and especially, to certify the genuine quality of this product line developed by Karsten Decor. Karsten Decor was the first domestic brand to develop a fabric with waterproof exclusivity, keeping textile quality and naturalness. With each new collection, the brand invests in research and cutting-edge technology in its manufacturing processes. This is a constant Evolution, bringing to the consumer the best design, quality and, above all, the trust of a 135-year-old company.

El Sello de Autenticidad Acquablock® se ha diseñado para garantizar una compra segura y, principalmente atestiguar la auténtica calidad de esta línea de productos desarrollada por Karsten Decor. Karsten Decor fue la primera marca nacional en desarrollar una tela con la exclusividad de ser impermeable, manteniendo la calidad y naturalidad textil. A cada nueva colección, la marca invierte en investigación y tecnología de vanguardia en sus procesos fabriles. IMPERMEÁVEL

Os tecidos Acquablock® são desenvolvidos a partir de fibras especiais, envolvidas por resina altamente resistente, evitando que o contato com líquidos ou poeiras danifiquem o produto. Esse tratamento exclusivo garante ainda o arejamento entre os fios, ou seja, a peça não tem efeito "plastificado", mas sim, um toque macio e agradável, ideal para almofadas, cadeiras e demais mobiliários de áreas externas. Tecidos com propriedades de impermeabilidade contra chuva e respingos de água. Não submeter o tecido Acquablock® a condições de chuvas severas. Tecido não indicado como impermeabilizante de objetos.

WATERPROOF

The Acquablock® fabrics are developed from special fibers, involved in highly resistant resin, preventing contact with liquids or dusts, which may damage the product. This exclusive treatment also warrants ventilation between threads, that is, the fabric has no "plasticized" effect, but rather, a smooth and pleasant feel, perfect for cushions, chairs and other external area furniture. Fabrics with properties of impermeability against rain and water splashes. Do not expose the Acquablock® fabric to severe rainfall conditions. Fabric is not indicated as object waterproofing.

IMPERMEABLE

Los tejidos Acquablock® son desarrollados a partir de fibras especiales, envueltas por resina altamente resistente, evitando que el contacto con líquidos o polvos dañen el producto. Ese tratamiento exclusivo garantiza incluso la aireación entre los cables, o sea, la pieza no tiene efecto "plastificado", pero sí, un toque suave y agradable, ideal para cojines, sillas y demás mobiliarios de áreas externas. Tejidos con propiedades de impermeabilidad contra lluvia y salpicaduras de agua. No someter el tejido Acquablock® a condiciones de lluvias severas. Tejido no indicado como impermeabilizante de objetos.

CARES ON APPLICATION AND MAINTENANCE OF YOUR ACQUABLOCK®.

Acquablock® is a product create for the coating of upholstered furniture, chairs and shams, for both outdoor and indoor environments. Karsten recommends some cares in order to maintain your Acquablock®'s incomparable beauty and durability.

CUIDADOS EN LA APLICACIÓN Y MANTENIMIENTO DE SU ACQUABLOCK®.

Acquablock® es un producto desarrollado para decoración y revestimiento de piezas y mobiliarios, dedicados a áreas internas y externas no expuestas directamente contra los rayos solares. Para mantener la belleza y durabilidad incomparable de su Acquablock, Kasrten recomienda algunos cuidados.

Siga esses passos básicos e aproveite os benefícios do seu Acquablock® por muito mais tempo.

Manutenção:

- Não deixar o seu Acquablock® exposto, continuamente às condições climáticas como sol, chuva e umidade excessiva. Assim, evita-se a formação de manchas de bolor e perda de resistência do tecido;
- Limpar diariamente a superfície do tecido, com pano umedecido em água na temperatura ambiente e secar;
- Eliminar sujeiras acidentais com pano limpo, esponjado ou papel absorvente, sem comprimir para dentro do tecido. Após a limpeza, não armazenar seu Acquablock® em local úmido;
- Aplicar os tecidos Acquablock® somente sobre espuma e madeira totalmente tratada com antimoho;
- Aplicar ilhoses na parte inferior das almofadas, como forma de escape de ar e umidade;
- Utilizar agulhas finas e linhas de poliéster nas costuras e, de preferência, fazer costura dupla, para garantir a impermeabilidade na costura;
- Não utilizar produtos abrasivos como escovas com cerdas, jatos de água, esponjas abrasivas ou produtos químicos (alcalinos e clorados), tais como detergentes em pó, solventes, cloro e outros.

Follow these basic steps and enjoy the benefits of your Acquablock® much longer.

- Don't wash in washing machine;
- Don't let your Acquablock® exposed continuously to climate conditions such as excessive sun, rain and humidity. Thus, it is prevented the formation of mold stains and loss of fabric strength;
- Daily clean the surface of the fabric with cloth dampened with water at room temperature and dry;
- Eliminate accidental dirt with clean cloth, sponged or absorbent paper, without crushing it into the fabric. After cleaning, do not store your Acquablock® in a humid place;
- Apply fabric Acquablock® only on foam and wood fully treated with anti-mold;
- Apply eyelet at the bottom of the pads, as form of air and moisture escape;
- Using thin needles and polyester lines in sew and, preferably, to make double sew, to ensure tightness in the sew;
- Don't use abrasive products such as brushes with bristles, water jets, abrasive sponges or chemicals products (alkali and chlorinated), such as powder detergents, solvents, chlorine and other.

Siga estos pasos básicos y aproveche los beneficios de su Acquablock® por mucho más tiempo.

- No puede ser lavado en lavadora de ropa;
- No deje su Acquablock® expuesto, continuamente a las condiciones climáticas como sol, lluvia y humedad excesiva. Así, se evita la formación de manchas de moho y pérdida de resistencia del tejido;
- Limpiar diariamente la superficie del tejido, con paño humedecido en agua en la temperatura ambiente y secar;
- Eliminar suciedades accidentales con paño limpio, esponjado o papel absorbente, sin comprimir para dentro del tejido. Después de la limpieza, no almacenar su Acquablock® en local húmedo;
- Aplicar los tejidos Acquablock® solamente sobre espuma y madera totalmente tratada con anti-moho;
- Aplicar ojales en la parte inferior de las almohadas, como forma de escape de aire y humedad;
- Utilizar agujas finas y líneas de poliéster en las costuras y, de preferencia, hacer costura doble, para garantizar la impermeabilidad en la costura;
- No utilizar productos abrasivos como cepillos con cerdas, chorros de agua, esponjas abrasivas o productos químicos (alcalinos y clorados), tales como detergentes en polvo, solventes, cloro y otros.
